Understanding your electric bill

1. Shows a list of telephone numbers and our website address.
2. This is the Customer Account Number
3. This is your Meter Number.
4. This identifies the location of your meter. Sometimes your meter may be on the house and other times it may be on a pole across the road.
5. This area is used for special messages.
6. This area is used for writing credit card information if that is your method of paying. Remember to write down your U Code which is the 3-digit number on the back of your card by your signature.
7. If you are responsible for getting a monthly meter reading, those numbers go here. If there is no box your meter is read by Perennial.
8. This line is for writing down the Date in which you read your meter.
9. This shows the amount due after the delinquent date. If you have not paid late in the past 12 months this number will be the same amount as the amount shown in the box above.
10. This area shows your Amount Due if bill is not delinquent.

   If both amounts are the same, that means you have never been delinquent. If your bill is ever delinquent, your bills will show a $5.00 increase in the "Amount Due After Delinquent Date."
