

Perennial Public Power District Net Metering Report

Pursuant to Nebraska statute § 70-2005 (LB 436), enacted in 2009, each local distribution utility shall provide the Nebraska Power Review Board an annual net metering report. The report must include the information below.

Perennial reported in February 2022 for the year 2021:

- Total number of qualified facilities: 15.
- Total estimated rated generating capacity of qualified facilities: 209.37 kilowatt.
- Total estimated net kilowatt-hours received from customer-generators: 122,657 kilowatt-hours.
- Total estimated amount of energy produced by the customer-generator: 283,140 kilowatt-hours.
