The above signed (hereinafter “applicant”) hereby makes application to Perennial Public Power District (hereinafter “the District”) to furnish electric service, subject to the following rules and regulations:

1. In consideration of the District making electric service available, the applicant will purchase from the District all electric energy used on the premises and will pay for such electric energy in accordance with the applicable Rate Schedule of the District.
2. Applicant agrees to pay the minimum monthly or annual charge as specified in the applicable Rate Schedule. The applicant hereby subscribes to the Perennial News and authorizes the District to include publishing costs in the applicable Rate Schedule.
3. Electric energy furnished by the District shall become the property of the applicant immediately after it passes the metering equipment. The District shall not be liable for damage to the applicant’s property as a result of the electric energy unless such damage is a direct result of negligence by the District either located at or ahead of the metering equipment. Acts of God or equipment failure cannot be considered as negligence and the District will not be liable for damage to applicant’s property as a result of such occurrences.
4. The District shall have the right of ingress and egress on the applicant’s property for the purpose of line and service construction, operating and maintenance of equipment, including the right to cut, trim or remove trees, shrubbery, or other obstacles necessary to protect the District’s lines and facilities.
5. All new services must be approved by the District’s engineering department and when district policy requires, the customer shall sign a contract and make all payments specified by district policy before start of construction of services.
6. The District reserves the right to deny or terminate electrical service to the applicant at any location within the District’s service territory for non-payment of charges arising from this contract or any other contract entered into between the District and the applicant.

BILLING PROCEDURES AND POLICIES

1. The customer will receive a bill each month. The bill contains charges for the previous month’s electrical usage.
2. All charges are due upon receipt of the bill and become delinquent if not paid by the due date listed on the bill. Past due accounts are subject to a late payment penalty. This penalty is \$10.00 or 5 percent of the unpaid bill, which ever is greater.
3. Any service remaining unpaid after the proper disconnect notice has been served, shall be terminated without further notice.
4. All unpaid balances over 30 days past due may be subject to an interest charge of 1.33 percent per month.
