

## TERMS & CONDITIONS

**PROOF OF PURCHASE: Sales receipt(s) or invoice(s) identifying the type, amount, and purchase date must accompany each insulation efficiency incentive application.**

**INCENTIVE OFFER:** This energy efficiency incentive program covers the cost of attic insulation and installation during the program year in which it is purchased and installed. Program incentives will be calculated at a rate of installation area times \$0.15 per square foot and are limited to \$300 per dwelling. **Existing attic insulation levels must average six (6) inches or less and at least six (6) inches or an additional R-19 must be installed.** Insulation must be purchased and installed on or after September 1, 2009. Details of this program, including incentive levels, are subject to change without notice. The electric utility reserves the right to limit incentives.

**ELIGIBLE CUSTOMERS: Eligible customers must use electricity as their primary fuel source for heating.** Customers that utilize a natural gas or propane furnace as a backup to an air source heat pump do qualify. Program is for existing residential dwellings only. Duplex and multi-family dwellings that are individually metered (*not master-metered*) are eligible for one incentive per dwelling. **NEW CONSTRUCTION AND/OR ADDITIONS DO NOT QUALIFY!**

**ISSUING INCENTIVES:** Insulation must be purchased and installed before an energy efficiency incentive is issued. Falsifying any information may lead to cancellation of this and future incentive applications, a claim by the electric utility for the return of any incentive, and/or referral for prosecution. Please allow 45 days for delivery of incentives. Submitting an application with incomplete or missing information may delay processing of the incentive. Electric utility incentives will not exceed \$300 per dwelling. At their discretion, the issuing electric utility may provide the incentive in the form of a rebate check or a credit on the customer's account.

**APPROVAL & VERIFICATION:** The electric utility reserves the right to verify sales transactions and inspect all insulation projects prior to and after installation.

**TAX LIABILITY:** Neither the electric utility nor Nebraska Public Power District are responsible for any tax liability imposed on the customer as a result of the energy efficiency incentive.

**ENDORSEMENT:** Neither the electric utility nor Nebraska Public Power District endorses any particular manufacturers, products, nor system designs in promoting this program.

**SAFETY & BUILDING CODES:** The customer/contractor agrees that each measure complies with all federal, state, and local safety, building, and environmental codes. All products must be UL-listed and installed per manufacturer's instructions.

**DISCLAIMER OF WARRANTIES:** Neither the electric utility nor Nebraska Public Power District warrant the performance of any material either expressly or implicitly. Contact the supplier or contractor for details regarding material warranties.
