

Irrigation Load Control Text Message Notification Agreement

Perennial Public Power District
PO Box 219
York, NE 68467

Customer Name: _____
Address _____

Perennial Public Power District, hereinafter called "District", upon receipt of payment of the notification fee listed below, agrees to provide text message notification of its Load Management operations to customers with irrigation services. The District will send a message to each number notifying the customer of the control times of load management. The District will maintain all numbers submitted by the customer in a secure manner.

The undersigned customer wishes to subscribe to the Load Management Notification program and agrees to remit a set-up fee of \$25.00 for two texting phone numbers with an additional \$5.00 for each additional number.

The customer further agrees to indemnify and hold the District harmless from any situation arising out of a missed, lost, or dropped call to the customer arising out of an ISP problem of either the District or the customer.

Termination of this agreement may be made by either party with the notification to the other party.
